

ELODIE LANGLET

JUNIOR FRONT-END DEVELOPER

Graduated in Web Development from IFOSUP Wavre, I am seeking a position as a front-end developer. With a strong interest in design and user experience, I aim to create modern, intuitive, and polished interfaces. My professional background has taught me rigor and attention to detail, while my personal experiences abroad have strengthened my adaptability. Curious and motivated, I am eager to take on new creative challenges.
